

Environmental Sustainability & Green Production Commitment

Some key commitments could include:

Production Practices

- Minimise waste during productions.
- Reduce single-use plastics.
- Prioritise reusable materials.
- Encourage digital workflows where practical.
- Recycle and responsibly dispose of materials.

Travel & Transport

- Encourage car-sharing where possible.
- Use local crew and suppliers when practical.
- Reduce unnecessary travel.
- Consider remote meetings where appropriate.

Sets, Props & Wardrobe

- Reuse, hire, borrow, recycle or repurpose materials.
- Donate or responsibly redistribute usable items after production.
- Avoid unnecessary waste in construction and dressing.

Energy & Resources

- Reduce energy consumption in offices and production spaces.
- Use energy-efficient equipment where practical.
- Minimise paper usage.

Locations & Biodiversity

- Respect natural habitats.
- Leave locations in the condition they were found.
- Protect wildlife and local ecosystems.

- Work responsibly in rural and environmentally sensitive areas.

Community

- Support local businesses and suppliers.
- Engage respectfully with communities affected by filming.

Continuous Improvement

- Review sustainability practices regularly.
- Encourage cast and crew participation.
- Seek practical improvements on each production.
